17906

INDEX

TO VOL. XXX,

ELECTRICAL REVIEW,

JANUARY 6, 1897, TO JUNE 30, 1897.

A Weekly Record of the Progress of Electrical Science.

TIMES BUILDING, 41 PARK ROW, NEW YORK.

ARTICLES MARKED * ARE ILLUSTRATED.

A.

Accident adjuster..... 42
Accidents:
Gas, Illuminating, explosion in Boston 115
People's Light & Power Co., Newark, N. J..... 6, 7
Union Traction Co.'s power house, Philadelphia, burned 115
(See also Fires.)
Accounting, shop, Method of, to determine shop cost and minimum selling price. H. M. Lane, June 2, xviii.
Accumulators. (See Storage batteries.)
Acetylene Light, Heat & Power Co....*270
Administration, The new..... 114
Advance information, 12, 24, 36, 48, 60, 72, 84, 96, 108, 120, 132, 144, 156, 168, 180, 192, 204, 216, 228, 240, 252, 266, 280, 294, 306, 318.
Advertising sign, Electric.....*213
Affidavit by telephone..... 97
Africa, South, Electrical engineers in.. 223
Air, Electrification of, by Roentgen rays..... 101
Air brakes:
American, in Germany..... 32
German interurban railway.....*170
Howe, for trolley cars 256
Air-motor vs. underground trolley in New York..... 150
Aldrich, Wm. S. Rating electric power plants upon the heat-unit standard..... 278
Alley Elevated R. R., Chicago, Contracts for.....May 26, x
Alternating current, Transmitting intelligence by. A. C. Crehore and G. O. Squier.....*286, *248
American Association for the Advancement of Science, Detroit meeting, 259
American Association of Inventors and Manufacturers, Annual meeting of..... 43
American-Ball engine, Lubrication system..... *195
American Bell Telephone Co.:
Annual report..... 200
Berliner patent. (See Berliner telephone patents.)
American Bell Telephone Co. (*Continued.*)
Extent of business..... 260
Instrument output..... ....116, 215, 261
March statement..... 161
Suit won against Western Union.... 185
American Commercial Cable Co..... 190
American Electric Heating Corporation vs. Consolidated Car Heating Co., 107
American Electric Telephone Co., Exhibit at Detroit convention.....*309
American Electrical Works, Souvenir.. 107
American Institute Fair 213
American Institute of Electrical Engineers.....27, 79, 95
Badge, New.....*250
Crocker, Prof. F. B., President..... 261
Greenacre, Me., Meeting at..... 264
Maine meeting..... 146
Subscription dinner..... 218
Various meetings....181, April 24, x; 250
American motor starting rheostat.....*183
American Rheostat Co. Electric elevator controlling rheostat.....*275
American Society of Mechanical Engineers, Convention at Hartford, 218, June 2, xviii; 278.
American Street Railway Association: 94
Annual meeting at Niagara Falls.... 219
Vice-presidents of..... *1
Apparatus, scientific, Protection of manufacture, by tariff. A. A. Ziegler..... 177
Arc lamps:
Bergmann..... .....*111, *271
General Electric inclosed.....*289
Inclosed. L. B. Marks, *38, 58, *68, *77, *80, June 30, x.
Litigation between companies, June 16, xix.
Nowotney inclosed.....*249
Upton .....*136, June 16, xx
Walker..... *245
Arc lighting:
America and Europe. C. Wiler..... 212
Recent progress in. Elihu Thomson, 292
Arm, Radiograph of, with three hands, *98
Armature-disk cutting press:
Bliss.....*151
Ferracute.....*125
Armington & Sims Engine Co..... 88
Armorite Interior Conduit Co.:
Large contract..... 51
Removal to Pittsburgh..... 256
Arterial circulation, First radiograph showing..... *89
Asher, Jas. Voltaic batteries are thermo-electric 94
Association of Railway Telegraph Superintendents, Annual meeting 297
"Astoria," New Astor hotel, New York..... 86
Atmosphere electrically measured. T. J. McTighe..... 88

B.

Bacillus, Tubercle, Effect of Roentgen rays on 297
Badt, F. B. Electric conduit system of Siemens & Halske Electric Co... 55
Baker, Cyrus O., Jr. (portrait).....*268
Baltimore & Ohio R. R. Offices in New York 7
Baltimore & Ohio Telegraph System... 185
Bank protection, Electrical. 8
Barrett, John P., Resignation of.. ... 206
Batteries:
Bogart dry *3
Bunnell & Co.'s Mascot dry.*Mar. 24, ix
Essick's heat.....*179
"Vim" dry *3
Voltaic, are thermo-electric. Jas. Asher..... 94
(See also Storage batteries.)
Battleships, Electricity on 198
Beacon Lamp Co. Suit against, for infringement of patents 241
Bean, W. W. Municipal lighting..... 294
Bell, Prof., Experiments of, in New York..... 158
Bell, Williams-Abbott, Telephone magneto. *262
Benjamin, C. H. Electricity vs. shafting in machine shop....June 2, xviii
Benjamin, G. H. Has the Berliner patent expired?.....Sup. May 26, D
Berliner telephone patents...Sup. May 12, p. 1; 232, 308; W. C Jones, 79, 88.
Decision of U. S. Supreme Court, 246; Sup. May 26. A.
Opinions on decision..May 26, D, E, 276
Suits for infringement of..... 297
Text of *262
Bermuda Telephone Co., Ltd..... 157
Bermuda, Visitors to..... 161
Bicycle lamp, "Cat-Eye"..... *45
Binghamton General Electric Co. sold.. 115
Birmingham Traction Co..... 20
Bliss armature disk cutting press.....*151
Blizard, Chas. Storage batteries for elevator and lighting service in large office buildings..... 270
Block signal, Electric, for trolley roads..*232
Blot accumulator..... *83
Board of Electrical Control, New York. 90
Bogart, E. E., Death of..... 313
Book reviews:
Auto-Cars. D. Farman..... 78
Electric Power Transmission. Louis Bell..... 130
Book reviews. (*Continued.*)
Electric Tramways and Railways Popularly Explained. H. Scholey.. 78
Electricity Directly from Coal. E. de Fodor..... 148
Gas, Gasoline and Oil Vapor Engines. G. D. Hiscox..... 87
Going Abroad?.....June 16, xvii
Manual of Static Electricity in X-ray and Therapeutic Uses. S. H. Monell.....June 16, xvii
Power Distribution for Electric Railroads. Louis Bell.. 78
Theory and Calculation of Alternating Current Phenomena. C. P. Steinmetz..... 54
Transformers for Single and Multiphase Currents. Gisbert Kapp . 54
Treatise on Submarine Telegraph Cables. Chas. Bright..... 148
Wiring Tables and How to Use Them. Thos. S. Grier..... 225
Bradford, E. F., Death of..... 199
Brady's arc cut-out box..... .....*129
Brakes. (See Air-brakes.)
Bromholm, a magnetic island..... 172
Brook, Wm. M., presented with a medal 209
Brooklyn Bridge, Trolley cars on..189, 307
Brooklyn Elevated R. R. to be reorganized 151
Brophy, Capt. Wm.:
Rules for safe wiring..... 283
The late John M. Orford..... 151
Brown, H. P. Recent developments in copper manufacture..... 100
Brush bill to regulate telephone rates in New York..... 179
Brush Electric Co., Apparatus of 313
Brush-holder, C. & C. type reaction....*280
Brushes:
Sparking of, and commutator lubrication 227
Western Electric, non-sparking.....*259
Bryant weatherproof socket *220
Buckeye Electric Co., Improved filaments .....Feb. 10, x
Buffalo, Banquet in, to celebrate Niagara Falls power.....26, 27, 30, 46
Buildings, Germania, Electrical equipment *288
Bullets:
Deflection of, by electric currents.... 160
Removed by aid of radiograph..... 181
Bullock Electric Manufacturing Co.:
Apparatus.....*279
Change of name..... 99
Generator.....*279
Line Shaft Motor.. .....*279
Bureau of information for establishing electrical credits..... 180

Burglar alarm lightning switch.....*265
Burglar and the electric bell..... 172
Burglar-proof cashier's drawer.....*206
Burglar-proofing safes: 55, 198, 312; C. E. Kammeyer, 19, 121, 219, 242.
Burleigh, J. J. (portrait)..... *267
Business situation..... ..162, June 9, xvii; June 23, ix.

C.

C & C Electric Co.:
Correction..... 291
Ironclad motor..... *206
Multipolar motor.....*238
Cable railway, New York, Fourteenth Street curve..... 90
Cable-testing set, Portable..... 17
Cables:
Burglar-proof electric.....*122
Lifting end of buoyed..... 121
Telephone, laid in Thames River.... 291
Testing of. Geo. D. Hale..*165, 170, 225
Canadian Electric Association:
Convention at Niagara Falls.....235, 277
Election of officers..... 277
Papers read at convention.....273, 306
Canadian letters...8, 23, Feb. 17, x; 148, 277
Car dispatching by telephone..... 10
Car fares, Three cent, in Indianapolis, 186, 210, 287, 307.
Car heaters, Electric..... 30
Carbon, Electricity from, without heat. W. E. Case..... .....103, 104, 112
Carbons, Electric light, Partridge..... 209
Carborundum Co., Factory at Niagara Falls..... *270
Card Electric Co. Automatic motor starter.....*June 9, xix
Carr, C. E. A. Electric railways as a commercial success..... 273
Cars:
Instruction, on Cincinnati Southern Ry. S. L. Coles.....*169
Knocked through a house..... 32
Lighting, by electricity..... 304
Roller bearings.....June 23, ix
Standing in open..... 210
Storage battery, Trial of..... 270
Carus-Wilson, Prof. C. A. The induction factor, a new basis of dynamo calculation and classification..... 293
Case, W. E. Electricity from carbon without heat.....103, 104, 112
Cashier's electric safety cabinet.....*206
Castings, "Flowed" steel..... *95
Cast-iron, Ductile. H. S. Philbrick... 98
Casualties. (See Accidents.)
Cate, E.:
X-rays and the vacuum..... 163
X-rays by static electricity..... 147
Cazin steam and water wheel.....*191
Central Electric Co.:
Catalogue..... 99
Rapid growth.....June 2, xxi
Rush order.....Feb. 3, x
Central Railway & Electric Co.'s line between New Britain and Hartford, Ct..... 124
Central Stations:
Data..... 302
Davis Coal & Coke Co. T. W. Sprague.....*116
Daylight work of. T. C. Martin.... 302
Day loads for, and how to increase them. J. A. Kammerer..... 306
Engines in. A. M. Wickens..... 306
Gas engines in 41, 138
Municipal ownership. W. W. Bean, 294; Elihu Coleman, 74; John Schuette, 62.
St. Lawrence transmission plant..... 312
Storage batteries, Brooklyn.....*157
Central Union Telephone Co., Chicago, Annual report..... 55
Chapman, F. A:
Receptacle..... *199
Voltage regulator..... *142
Chase, L. A., & Co., exhibit at Niagara Falls *284
Chicago Electrical Association, Special papers..... 71
Chicago news notes.....124, 154
Chicago School of Electricity and Dr. Perrine.....22, 72
Chloride accumulators, Battery of. ...*157
Cincinnati Southern Ry., Electricity on. S. L. Coles.....*109
Circuit breaker, Automatic.....*161, *167
Relative value of.....June 9, xvii
Circuits, Safety devices for. W. M. Stine..... 76
City & Suburban Telephone Co., New York..... 86
Clay, Henry (portrait).....*267
Cleveland bond-welder.....*64
Cleveland 'come along".....*183
Climber, Improved, for linemen.....*135
Cloos junction box.....June 2, xx
Coachman of the future..... 172
Coals, Determination of heating power and steam producing value of. Wm. Thompson..... 273
Codman, J S. Deaf mutes and Morse telegraph alphabet..... 116
Coffee-pot, Electric.....Feb. 17, ix
Coils:
High-frequency, Knott..... 139
Tesla..... 146
Colardeau, M. E. Crookes tube to produce sharp images with short exposures..... 173
Coleman, Elihu. Municipal ownership of electric lighting plants..... 74
Coles, S. L. Electricity on Cincinnati Southern Railway.....*109
Colonial Club celebration..... 11
Columbia motor carriage.....*243
Commutator lubrication..... 227
Compressed air for street railway service..... 160
Concert enjoyed by telephone..... 261
Condensers:
Tesla's improved..... *97
Willyoung.....*167
Conduits:
Armorite, in England..... 159
Camp patent..... *59
Iron-armored, New.....Jan. 6, ix
Lachine Canal, Laying of.....*257
St. Louis, Extensive work in..... 182
Vitrified clay..... *59
Conover-Goe Co., Chicago..... *70
Consolidated Car Heating Co. vs. American Electric Heating Corp. 107
Contractors, Licensing electrical..... 162
Cooking by electricity. Geo. Cutter.. 93
Copper:
Lake Superior, Selling price of..... 25
Manufacture, Recent developments in. H. P. Brown..... 100
Production of United States..... 26
Suit for damages for failure to deliver..... 199
Cox, H. B. Direct Conversion of heat into electricity.... 260, 276, 291, 304
Crehore, A. C., and Squier, G. O. The synchronograph *236, *248
Crocker, Prof. F. B., Pres. A. I. E. E.. 261
Crocker-Wheeler Electric Co.:
Astor Hotel, New York, Installation in..... 43
Chicago offices..... 299
New York offices..... 201
Cunningham, Robert, Death of.. 171
Current regulator, Hawker's..... .....*113
Cut-out box, Brady's arc.....*129
Cut-outs:
Junction box and motor.....*236
Rowand automatic, for trolley lines.. 153
Cutter, Geo. Heating and cooking by electricity..... 93
Cutter Co. Exhibit at Niagara Falls..*285

D.

Dam, H. J. W. Interview with Guglielmo Marconi..... 126
Davis, C. H., and Forbes, H. C. Tubing for interior electric lighting wires.....*230
Davis Coal & Coke Co., Central station.*116
Davis indicating globe..... .....*183
Davy-Faraday research laboratories... 13
Deaf Mutes:
Telegraphic training of. G. P. Hachenberg..... 61
Morse symbols.....89, 116, 133, 163
Telephonic training of..... 28
Death from trolley accident..... 1
Delirium tremens, Hallucinations in.... 56
Derr, L. Apparatus for illustrating phase differences..... *29
Detector, Static ground..... *73
Diamond electric exhibit at Niagara Falls convention *283
Dichl Manufacturing Co. Electric fans.....*123, *259
Dinner, planked shad, An electrical, June 9, xvii.
Diphtheria toxin, Effect of Roentgen rays on..... 297
Discharges from hollow brass ball. Pelrozzani's experiments..... 19
Doane multiple rheostat *3
Dolbear, Prof. Amos E., honored..... 261
Draper, G. H. Washington inaugural illuminations..... 91
Drill, electric. Siemen's hand pressure..*112
Drill case, Weiss.....April 21, x
Duplex lamp guard *238
Dussand microphonograph..... 264
Dutch West Indies, Electric light plant for 65
Dyer, Col. D. B..... *1
Dyer & Driscoll, Removal of..... 311
Dynamo room, Germania building.....*288
Dynamos:
Bullock Electric *279
C. & C. six-pole.....*238
Calculation and classification. Prof. C. A Carus-Wilson..... 293
General Electric revolving field alternating current.....*311
Quaker City direct-current multi polar.....*227
Rushmore..... 250
Westinghouse.....June 30, x
(See also Motors.)

E.

Edison, Thomas Alva:
Fifty years old..... 78
Incandescent lamp filaments, experiments..... 20
Latest photograph.....*205
Ocean telephony..... 26
Edison Co., Chicago. Net income in 1896..... 298
Edison Electric Illuminating Co., Brooklyn, Storage battery plant,*157
Edison Electric Illuminating Co, New York:
Annual meeting and report..... 87
Earnings..... 59, 125, 297
Edison Manufacturing Co. Motors and outfits.....*264
Edison transformer *119
Elections, Annual..... 65
Electric alarm used by gamblers..... 1
Electric Appliance Co. Trade note.... 294
Electric carriages. (See Motor carriages.)
Electric Engineering & Supply Co., Assignment of..... 313
Electric lamps. (See Arc lamps; Incandescent lamps.)
Electric light flashes. (See Light and power plants, New.)
Electric light generated by treadmill in London jail..... 1
Electric power..... 8
Davis Coal & Coke Co. T. W. Sprague.....*116
Drilling oil wells..... 259
Lachine Rapids plant.....*256
Niagara Falls. (See Niagara Falls.)
Nile Cataracts, Development of..... 236
Ohio mines..... 26
Ratiog of, upon heat-unit standard. W. S. Aldrich 278
Electric Railway Co. of United States to dissolve..... 9
Electrical patents, Jan. 6, x; Jan, 13, x; Jan. 20, x; Jan. 27, x; Feb. 3, x; Feb. 10, x; Feb. 17, x; Feb. 24, x; Mar. 3, x; Mar. 10, x; Mar. 17, x; Mar. 24, x; Mar. 31, x; Apr. 7, x; Apr. 14, x; Apr. 21, x; Apr. 28, x; May 5, x; May 19, x; May 26, x; June 2, xix; June 9, xix; June 23, ix; June 30, ix.
Electrical potential, Annual meeting of 160
Electrical reminiscences—The work of the pioneers. W. P. Phillips..9, 158
ELECTRICAL REVIEW:
Convention issues..... 300
"Kind Words:"
Above the average..... 151
Agreeable compliment..... 235
Can not do without the REVIEW, June 23, ix.
Canadian Electrical Association, Thanks from..... 287
Compliment from *Fourth Estate*... 247
Couldn't get along without it, June 2, xvii.
Doesn't miss a single copy..... 3
Greatly pleased..... 3
Highly pleased..... 23
Read with great interest..... 79
Recommended by superintendent.. 3
Recommends it..... 79
Splendid journal..... 213
Subscriber for 15 years..... 124
Substantial Christmas remembrance 3
Tried to, but couldn't do without it 63
True apprec'ation..... 31
Two years' subscription..... 3
Up to date..... 3
Valued compliment..... 287
Very good paper..... 3
Welcome visitor..... 176
Would be lost without it..June 16, xvii
Would be lost without it..... 63
Would not be without it..... 3
Representative, New..... 115
Electrical Sound-Money Club, N. Y... 15
Electrical World. W. J. Johnston Co. to dissolve..... 297
Electrically driven machines..... *71
Electricity:
Animal..... 124
Burglary aided by. C. E. Kammeyer, 19, 55, 121, 198, 219, 242, 312.
Direct conversion of heat. H. B. Cox.....260, 276, 291, 304
Quacks and..... 66
Seeds, Effect on 124
Without heat, from carbon. W. E. Case.....103, 104, 112
Electro-chemical industry.....22, 84
Electrocution:
Sing-Sing prison..... 127
Vocalists, of certain..... 271
Electrolytes, Resistance of, to alternating discharges 19
